Event Guidelines for Wrestling Events

Revised December 31, 2020

** Please note – Entertainment Venues have additional guidelines they must follow for all events. AAC does not override any requirements or guidelines issued by city or county officials.

In addition to the CDC Guidelines and Precautions regarding COVID-19, you must adhere to the additional requirements outlined below:

1) The promoter is to follow all CDC Guidelines pertaining to sporting and athletic events.
2) The promoter is responsible for screening (check temperature) everyone that will work for them at the event prior to entering the facility. A temperature of 100.4 or higher will result in denial of access to the facility. No one with a fever or showing any flu-like symptoms are to be granted access to the event facility.
3) A barrier of 9 feet must be placed from the outermost perimeter of ring for access to event staff. The perimeter may only be accessed by the fighters, trainers, promotion personnel, and officials. All persons inside this perimeter are required to wear a mask and officials sitting within range of flying sweat, blood or other droplets are required to wear protective eyewear. No other individuals, including competitor's family or guests or VIP ticket holders, are allowed inside the perimeter.
4) Promoter is to have staff to wipe down the cage/ring after each fight. (Must be an alcohol or hydrogen peroxide based liquate so it does not hurt eyes of fighters, like bleach)
5) Person(s) who violate any of the guidelines will be subject to fines, suspension, or revocation of license as well as any other action deemed appropriate by the Commission.

Anyone participating, staff of the promoter, vendors of the promoter or any other individuals that are working or related to the event exhibiting COVID-19 Symptoms or any flu like symptoms will not be allowed to enter the event center.
